

# GP Nurse Careers *Plus*

Are you an experienced General Practice Nurse looking to leave or have left your permanent commitment but still wanting to provide a service?

Are you a nurse looking for more flexible approach to your working hours/location to provide you with that well needed work life balance?

Are you looking for a change or the exposure to different working environments within primary care?

If any of these apply to you then **GPN Careers Plus** may be the perfect approach for you. We recognise the invaluable expertise and skills we have across our local community and have found a way to support individuals to continue to provide optimum healthcare.

## Available as part of the scheme:

- Personal training allowance
- Peer group support
- Administration support
- Flexibility of hours
- Working across practices
- Opportunity to use specific skills
